

JVHL Celebrates Medical Laboratory Professionals Week (April 19-25, 2026)

JVHL is pleased to celebrate **Medical Laboratory Professionals Week**, April 19-26, an annual observance that presents an important opportunity to uplift and show appreciation for America's laboratory professionals.

We invite you to join us this week as we thank and acknowledge America's laboratorians for their tireless efforts each day to deliver essential health information that provides a path forward for life-changing – and life-saving – treatment and care.

Every day, laboratorians nationwide provide essential health information to patients and providers. This Lab Week, we recognize their significant role in informing evidence-based health care decisions:

- We are grateful for medical laboratory professionals who work tirelessly to ensure patients receive accurate and timely diagnoses that inform subsequent care.
- We acknowledge the nation's laboratorians whose hard work, expertise, and unwavering dedication help deliver essential diagnostic health information to patients and providers.
- Thank you to the thousands of laboratorians who serve as the foundation for public health preparedness and response and for everyday prevention, diagnosis, and treatment of disease for patients across the country.

Happy Lab Week to the laboratorians who power America's health care system. Your work makes a difference in every diagnosis, treatment, and outcome. Thank you for the vital role you play and your unwavering commitment to the patients we serve.
